# PROFESSIONAL LEARNING OPPORTUNITIES

A variety of professional learning opportunities, grounded in Free to Flourish, are available to be facilitated within and tailored to learning communities. The opportunities are designed to support teachers in maintaining Accreditation currency (25 hours over 5 years, specifically related to the teaching of Christian Studies: theology and pedagogy). To discuss your learning community's needs and focus, please contact me via email or phone.

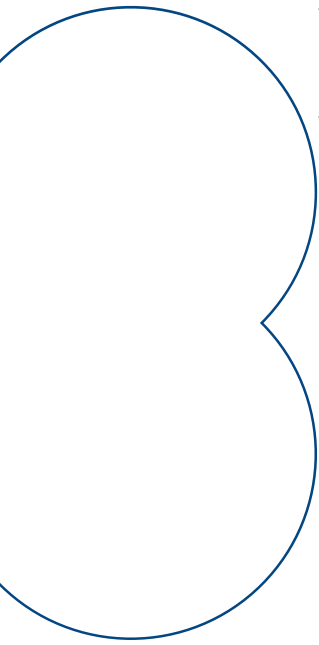

**Concepts and the CSCF:** Teachers will explore the identification of concepts within the Christian Studies Curriculum Framework, gaining the skills to effectively connect these concepts with relevant Bible stories or passages for their units of learning.

**Assessment in Christian Studies:** Teachers will reflect on their current assessment methods, gain a deeper understanding of the cognitive verbs within the Christian Studies Curriculum Framework, and develop purposeful assessment tasks.

**Pedagogy of Christian Studies:** Teachers will reflect on their current pedagogical approaches using Free to Flourish, develop a personalised micro-goal and project tailored to enhance their practice, and receive ongoing support to help them achieve their goal.

# PROFESSIONAL LEARNING OPPORTUNITIES

**Bible story/passage mapping:** Teachers will work together to map Bible stories/passages to their units of learning, helping to ensure learners are exposed to a wide range of biblical narratives and themes as they make sense of the world around them.

**Biblical Strategies:** Through exploring a range of biblical strategies, teachers will deepen their understanding of Bible passages related to their units of learning, providing insight into their meaning and relevance for their learners. They will also reflect on how they could utilise the strategies with their learners.

If you require a different focus for a professional learning workshop or have a suggestion, please feel free to contact me via email or phone to discuss your specific needs.
