

LILLC TERM 2 GATHERING

Connecting philosophy to practice

Join Immanuel Lutheran Gawler as they share their unfolding story of change-shaped by clear vision, honest conversations, and a deepening sense of identity across their learning community.

Story from the field

Discover how Compassionate Systems has enabled honest, reflective exploration of pedagogical approaches helping the team discern what aligns best with their identity and the Free to Flourish vision.

This process has shaped their journey from an IB Primary School and ELC, through a period of investigating Explicit Direct Teaching, toward a bespoke and coherent ELC-12 model.

The day invites leaders to reflect on clarity of purpose and the practical realities of connecting philosophy to practice.

Secondary participants will be joined in the afternoon by Doug Braiden, who brings rich insight into the realities of leadership—where strategy meets culture, clarity meets complexity, and courageous discipline shapes thriving organisations.

Monday 15 June 2026

Immanuel Lutheran School

11 Lyndoch Road, Gawler East
